Harrison, Topeka, 66612-1568.

Responses shall be limited to four pages. Responses must be received in Room 1084-West by 5 p.m. June 9 for the consulting engineering firm to be considered.

At this time, the consulting firms can more thoroughly discuss their experience related to the type of project at hand and will be expected to discuss, in some detail, their approach to this project and the personnel to be assigned to the project. Firms not selected to be short-listed will be notified by letter.

The Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select the firm to perform the professional services required for completing the advertised project. After the selection of this firm, the remaining firms will be notified by letter of the outcome.

The scope of services is to provide long-term engineering and administrative assistance for the implementation of the Kansas Scenic Byways Program. The consultant will be responsible for planning and presenting workshops, meeting with route sponsors, making field surveys and route evaluations, assisting nominating groups with preparing management plans, attending KSBC meetings and other assistance as required for four years (2005-2008).

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

- Size and professional qualifications;
- experience of staff;
- location of firm with respect to proposed project;
- · work load of firm; and

Notice of Available Grant Funding

Grant funds are available from the Federal Victims of Crime Act (VOCA) for the federal year of October 1, 2004 through September 30, 2005, to eligible applicants. The purpose of this grant program is to fund state and local units of government, and not-for-profit and faith-based organizations that provide direct assistance to crime victims. For the purposes of this grant program, a crime victim is a person who has suffered physical, sexual and emotional harm as a result of the commission of a crime. Direct services are defined as those efforts that (1) respond to the emotional and physical needs of crime victims; (2) assist primary and secondary victims of crime to stabilize their lives after a victimization; (3) assist victims to understand and participate in the criminal justice system; and (4) provide victims of crime with a measure of safety such as boarding-up broken windows and replacing or repairing locks, etc.

Priority shall be given to victims of sexual assault, domestic abuse and child abuse. Thus, a minimum of 10 percent of each federal fiscal year grant (30 percent total) will be allocated to each of these categories of crime victims. An additional 10 percent of each VOCA grant will be allocated to victims of violent crime (other than "priority" category victims) who were "previously underserved." VOCA crime victim assistance grant funds can be used to enhance or expand services and cannot be used to supplant state and local funds that would otherwise be available for crime victim services.

There is a match requirement of a minimum of 20 percent nonfederal cash or in-kind match of the total VOCA grant project (VOCA grant award plus match). Native American tribes/organizations located on reservations are only required to provide a 5 percent match.

Grant applications may be obtained by contacting the Office of the Governor's Federal Grants Program at (785) 291-3205. Applications also may be accessed via the Internet at www.ksgovernor.org. This is to obtain a printed copy only. Applications cannot be submitted online.

All grant applications must be received by 5 p.m. Monday, June 28.

Facility Description: The proposed action is to reissue an existing pretreatment permit for this facility. This facility manufactures various types of landscape equipment, including mowers and industrial cabs. Steel parts are welded, phosphated and painted to produce the final product. In October 2003, a new eight-stage phosphating operation system was installed. Noncontact cooling water also is discharged but is considered a dilution wastestream and does not enter tank H5. A chemical precipitation treatment system also was installed in 2003. The proposed permit includes limits for total toxic organics, cadmium, chromium, copper, lead, nickel, silver, zinc, total cyanide and pH. The monitoring of flow also will be required. The permit limits are pursuant to state and federal pretreatment requirements.

Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of April Romero for agricultural permits or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Di-

vision of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permit or application notice postmarked or received on or before June 12 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-AG-04-138/142, KS-04-082/099, KS-PT-04-001) and name of applicant/application as listed when preparing comments.

If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

For agricultural permits and applications, a copy of the permit application, supporting documentation and a KDHE-developed fact sheet, if appropriate, is available for review at the appropriate district office:
